

How to buy BTC, ETH with Credit Card via Beetle.io App: Step-By-Step Guide

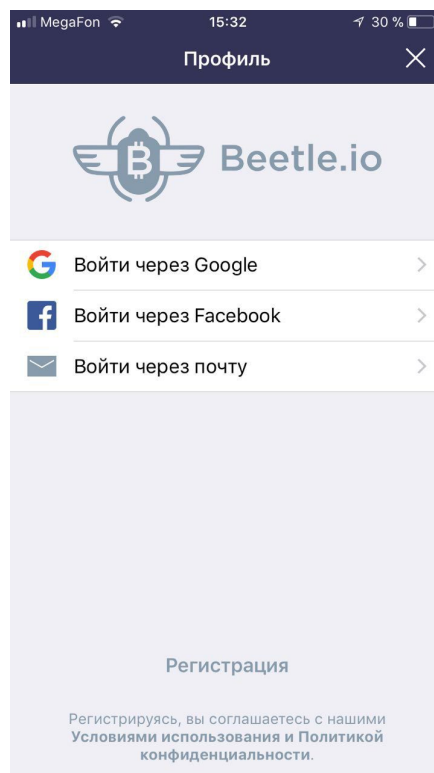

1. Download the app Beetle.io using [App Store](#) or [Google Play](#)

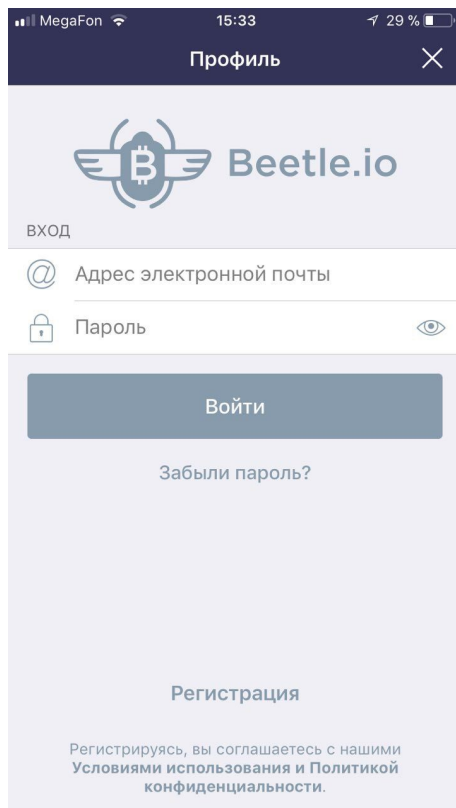

2. Open the app and in the upper left corner click on the Profile icon

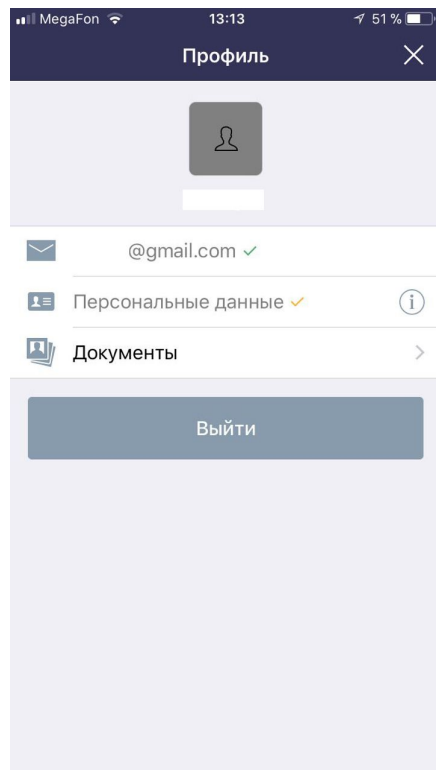

3. Pass the registration process. You can sign in with Google, Facebook or email. To sign up with email, click on “Sign up” at the bottom of the screen.

4. Enter your email and password. On a designated e-mail address you will receive a confirmation letter. Confirm your e-mail address through the following link.

5. You have to pass the verification procedure. Log in the app, open Profile section, click on "Personal data".

6. Fill in the information using Latin alphabet. Please provide your personal data according to your documents to pass verification successfully. Fill in the place of registration of your residence in label Address.

7. Then visit the section Documents and upload a pic of one of the personal identity documents: ID, passport or driver's license. You can make a pic of your documents within the app or upload it from your Camera roll.

On the next stage you have to upload a document certifying your address: a bill, a rental contract or vehicle licence.

8. Now you're allowed to buy. First, enter the required amount of BTC or ETH you would like to purchase on the main screen. The amount to pay will be calculated automatically and displayed on the screen. Click on "Buy with card" then you will be directed to payment screen.

9. Enter your card information and click on "PAY".

The screenshot shows the 'Вывод' (Withdraw) screen in the Finom mobile application. At the top, the status bar indicates 'MegaFon LTE', the time '14:07', and '38%' battery. The app title 'Вывод' is centered at the top with a close icon on the right. Below the title, the wallet balance is shown as 'КОШЕЛЕК 0 ₺'. The withdrawal section includes a 'ВЫВОД' label, a 'Сумма (₺)' input field with a value of '0', and a 'Комиссия 0,001 ₺' label. A button 'ИСПОЛЬЗОВАТЬ ВСЕ' is positioned to the right of the amount field. Below the amount field is an 'Адрес' input field with icons for copying and QR code. A large 'Вывести' button is located at the bottom of the screen.
