

How To Purchase Finom Tokens: Step-By-Step Guide

For investors outside the US

1. Visit the website <https://finom.io>. Make sure that you opened the official website, check the web address.
2. Click on “Register” in the upper right corner
3. Enter your e-mail address and password, choose a country from the listbox. Then indicate yourself (Individual or Legal Entity).
You have to agree with Terms of Use and click “Register”.

The image shows a registration form titled "REGISTRATION" with a close button (X) in the top right corner. The form contains the following fields and options:

- E-mail: A text input field.
- Password: A text input field with an eye icon for toggling visibility.
- Country: A dropdown menu.
- Individual: A radio button that is selected.
- Legal Entity: A radio button that is unselected.
- I agree with Terms of Use
- Register: A large grey button at the bottom.

4. You will receive a confirmation letter on a designated e-mail address. Confirm your e-mail address through the following link. After this the registration process should be completed. Then you will see a Login window, and you'll be allowed to login with your e-mail and password.

Thank you for creating your account
Please check your email for a confirmation letter that should arrive within five minutes
Be sure to check your spam box if it does not arrive within this period

5. On Finom investor's dashboard you can get the information about the current token price in BTC, ETH and EUR, calculated on the current rate to USD. Token price is being updated at least one time per hour.

1 FIN = 2.00 USD = 1.72 EUR = 0.00029416 BTC = 0.00659892 ETH ?

To buy a token, choose a currency, which you would like to use as payment, and enter required amount. The number of FIN tokens will be calculated automatically based on current rates and active bonuses.

Verification is unnecessary for BTC and ETH payment.

Buy Finom token

BTC	Pay	ETH	Pay	USD	Pay	EUR	Pay
FIN	FIN price \$2 ?						

5.1. Pay with BTC and ETH.

Enter the amount and click on “Pay”. You will see Bitcoin or Ethereum address. Click on “Copy” to copy address to clipboard or use the QR-code (in case you’re transferring cryptocurrency via mobile wallet).

Transfer money from your wallet to copied address.

5.2. Pay with USD, EUR.

To pay with FIAT currency you need to pass the verification. Click on “Pay” in front of chosen FIAT currency and you will be redirected to webpage to enter your personal data and upload your documents.

After verification completed you will be able to enter required currency amount. After clicking Pay you will get an invoice e-mail with requisites.

Transfer money from your bank account.

6. As soon the transaction completed, it should be displayed in Transaction history section. You will see update of your balance in the upper right corner on the front-page of investor’s account as well.

Transaction history
